101 MORGAN HALL, UC BERKELEY

RECEPTION TO FOLLOW

Pundits thought it would never happen. A first-in-the-nation bill that provides health coverage for all undocumented children will soon be enacted in California. Learn from two state leaders how framing the message and building an unbeatable coalition helped make history, and join fellow UC students in carrying the campaign forward to cover adults. Don't miss this FREE and lively discussion! **RSVP here: tinyurl.com/BOTH2015-health4all**
