The Jim Skerl Community Outreach Program

Thursday, April 6, Thursday, April 13, Thursday, April 20

Meet in University Hall room 585. We will prepare food and supplies from 11 AM – 12 PM and distribute them around campus from 12 PM to 1 PM.

Help build relationships and provide resources for the homeless and vulnerable people living in the vicinity of the School of Public Health.

Get to know your fellow students from various SPH degree programs and learn hands on about the nature of poverty in our own backyard through personal interactions with those most in need! We provide local homeless individuals with food, hygiene supplies, and social service information to help them access available resources.

As an SPH community member, it's easy to get caught up thinking about how to solve large-scale critical public health issues and forget about those most in need in our own backyard.
